# Chris Mann

## Consultant en organisation numérique

**A propos** I bring complementarities in the development and use of web applications, in project and digital work, in English and in French, in support to one individual and to whole teams at all levels of organizations.

## Experience

### Since 2018, Mann EIRL

**Software development, architecture and organizational consulting** as an independent:

- Creation of computer-guided machine workshop (FABLAB)
- Consulting in project and intranet architecture for BNP Paribas by Devoteam
- Establishment of IT workshop for digital inclusion

### 2015 à 2017, Quatrième oeil

**Creative and administrative direction** of a photographers' collective for

- studio: (transformation of two operating theaters into studios Photo)
- foundation: (collective works and volunteering)
- agency: (commercial sharing between photographers)

within the Grands Voisins (former hospital) in Paris 14th district.

### 2006 - 2014, INFOPOL services SARL

**Consulting mainly for IT teams** to strengthen support and operational missions in information systems departments for companies of various sizes ranging from an IT services company of 5 people to 50000 persons. The missions are project organization, IT production and software development.

### 2003 - 2006, Informatique politique locale SARL

**Edit modular E-delib** software E-delib is an extranet for the ordinances of local authorities (townships, etc.). It allows for better collaboration between elected officials and civil servants. This opened the doors for free software used throughout the world.

### 1998 - 2001, MBA multimédia GIE

**Développement de bases de données web** et commerce électronique puis secrétariat général d'un GIE agence web.
